COURSE DESCRIPTION
This course will provide an overview of the most recent advances in the management of patients with early and advanced-stage breast cancer. Topics include genetic predisposition, molecular characterization, systemic therapy and survivorship. The course is intended to provide practical, evidence-based information on clinically relevant issues for physicians and allied health personnel involved in patient care. The didactic format will provide significant opportunities for interaction with the expert faculty and other attendees via interactive keypad systems, case presentations, panel discussions, and open question and answer sessions.

COURSE LEARNING OBJECTIVES
Upon conclusion of this program, participants should be able to:
• Describe the genetic risk assessment and pathology of breast cancer
• Recognize indications for genetic counseling and testing in patients with breast cancer
• Recognize the role of the immune system in the fight against breast cancer and review novel immunotherapies
• Identify state-of-the-art systemic treatment strategies for women with early stage breast cancer
• Identify state-of-the-art systemic treatment strategies for women with metastatic breast cancer
• Employ best practices and symptom management for breast cancer survivors
• Discuss clinical controversies and challenges in the treatment of breast cancer

Attendance at this Mayo course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

INTENDED AUDIENCE
Designed for medical oncologists, radiation oncologists, surgical oncologists, oncology nurses, and healthcare professionals involved in cancer care. Also of interest to general internal medicine physicians who may want to enhance their oncologic knowledge.

CREDIT
Mayo Clinic College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Mayo Clinic College of Medicine designates this live activity for a maximum of 9 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AOA - This program has been accredited by the American Osteopathic Association for 9 credits of AOA Category 2-A.

Other Health Care Professionals
A certificate of attendance will be provided to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

GRANTS AND EXHIBITS
At the time of this printing, a complete listing of commercial supporters (financial or in-kind) was not available. Appropriate acknowledgment will be given to all supporters at the time of the meeting.

This course offers the unique opportunity for commercial companies to interact with health care providers and highlight their products and services. Exhibits will be available for viewing at all scheduled breaks. If you are interested in sponsoring or exhibiting at this course, please submit an inquiry to flacmeexhibits@mayo.edu.

DATE AND LOCATION
The Advances in Systemic Therapy for Breast Cancer is held February 12 – 13, 2016. Course headquarters are located in Marriott Sawgrass, Ponte Vedra Beach, Florida.

REGISTRATION
To register online, visit https://ce.mayo.edu/node/5816. Registration fee includes tuition, comprehensive electronic course syllabus, continental breakfasts, break refreshments and lunch. Although it is not Mayo School of Continuous Professional Development (CPD) policy to limit the number of registrants for a course, conference room facilities may necessitate closing of enrollment; therefore, early registration is advised.
