Electromyography (EMG),
Electroencephalography (EEG), and Neurophysiology in

CLINICAL PRACTICE

COURSE HIGHLIGHTS

- Review clinical neurophysiology techniques and topics, including: basic physiology, pathophysiology, electroencephalography, evoked potentials, electromyography, movement disorders, and intraoperative monitoring.
- Focus on clinical correlation of various neurophysiological tests used for patient evaluation regarding epilepsy, sleep disorders, movement disorders, peripheral nerve, and neuromuscular disorders.
- Presenters are faculty members of the Mayo Clinic College of Medicine from the Departments of Neurology in Jacksonville, FL; Rochester, MN; and Scottsdale, AZ.
- Three demonstration workshops included for all EMG course participants:
 - Nerve Conduction Studies
 - Needle EMG
 - Miscellaneous NCS/EMG

ACCOMMODATIONS

The **Residence Inn Phoenix Desert View at Mayo Clinic** is conveniently located on the Mayo Clinic Hospital campus at 5665 East Mayo Boulevard, Phoenix, Arizona 85054. To reserve a room, call **(800) 331-3131** or **(480) 563-1500** and identify yourself as a participant of the Mayo Clinic EMG-EEG Conference or visit <http://bit.ly/EEGEMGRoomBlock> to book online.

A special group rate of \$229 (USD), per room/per night, plus applicable state and local taxes, is available before the cut-off date of December 6, 2017 or until the room block is filled. Attendees are responsible for their own reservations. Standard hotel reservation and cancellation policies apply.

Mayo Clinic College of Medicine and Science is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. | ©2017 Mayo Foundation for Medical Education and Research | MC8300-03
