COURSE DESCRIPTION

This two-day course focuses on ten controversial topics in cutaneous oncology covering the fields of dermatology, surgical oncology, radiation oncology and medical oncology. The goal is to discuss the available evidence of these topics to assist in making the most informed decisions.

COURSE LEARNING OBJECTIVES

- Analyze literature regarding the impact of sunscreen on rates of skin cancer and skin cancer mortality
- Review surgical management of dysplastic nevi
- Review data regarding prevention of squamous cell carcinomas in high-risk populations including solid organ transplant recipients
- Analyze data regarding the utility of molecular assays to assess prognosis of patients with early stage melanoma
- Examine data supporting the use of targeted and immunotherapy in patients with unresectable melanoma
- Review data regarding the impact of complete lymph node dissections on overall survival in patients with melanoma
- Examine data regarding the impact of sentinel lymph node biopsies on improving clinical outcomes in patients with melanoma or high-risk squamous cell carcinoma
- Review most recent data of adjuvant therapy for Stage III melanoma
- Review data regarding the impact of adjuvant radiation in high-risk squamous cell carcinoma of the head and neck

INTENDED AUDIENCE

Dermatologists, surgical oncologists, medical oncologists, plastic surgeons, physicians in internal medicine and family practice, physician extenders such as nurse practitioners and physician assistants that practice in the above specialties.

LODGING ACCOMMODATIONS

The Ritz-Carlton, Amelia Island

\$249 per night

Phone: 866-763-2960

Online Reservations: <https://aws.passkey.com/go/MayoClinicMelanoma>

Identify yourself as a participant of the Mayo Clinic Melanoma course.

ONLINE REGISTRATION

\$350 Physicians and Scientists (**\$425** after 8/18/17)

\$275 Residents, Fellows, PAs, Nurses, Allied Health and Retirees (**\$350** after 8/18/17)

SCHEDULE AT A GLANCE

| Friday, September 15, 2017 | |
|------------------------------|--|
| 8:15-9:05 a.m. | Session 1: Does Sunscreen Prevent Skin Cancer or Save Lives? |
| 9:10-10:00 a.m. | Session 2: Conservative Versus Aggressive Management in Patients with Atypical Nevi |
| 10:30-11:25 a.m. | Session 3: Can We Prevent SCCs in the Transplant Population? |
| 11:30-11:50 a.m. | Session 4: Does Molecular Prognostic Assays in Patients with Stage II Melanoma Improve Outcomes? |
| 1:10-2:00 p.m. | Session 5: Does Sentinel Node Biopsy Improve Outcomes in Patients with Melanoma? |
| 2:05-2:25 p.m. | Session 6: Does a Complete Lymph Node Dissection in Patients with a Positive Sentinel Lymph Node Improve Survival? |
| Saturday, September 16, 2017 | |
| 8:30-9:20 a.m. | Session 7: Does SLN Biopsy in High Risk SCC of the Head and Neck Improve Outcomes? |
| 9:25-10:05 a.m. | Session 8: Does Adjuvant Therapy for Stage III Melanoma Improve Survival? |
| 10:30-10:45 a.m. | Session 9: Should a Patient with Metastatic BRAF Melanoma Be Started on Immunotherapy or Targeted Therapy First? |
| 11:10-12:00 p.m. | Session 10: Does Postoperative XRT after Mohs Surgery for Aggressive cSCC of the Head And Neck Improve Outcomes? |

ABSTRACTS

An electronic poster session will be held. Any projects in the area of dermatology, surgical oncology, medical oncology and plastic surgery either case series, case-control, or randomized trials, as well as outcome studies, quality improvement or practice innovations, and interesting case reports are welcome. E-posters will be chosen by Friday, July 28, 2017. Submit your abstract or questions to flacmeabstracts@mayo.edu.

ACCREDITATION: Mayo Clinic College of Medicine and Science is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Mayo Clinic College of Medicine and Science designates this live activity for a maximum of 9.75 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AOA – This program has been accredited by the American Osteopathic Association for 9.75 credits of AOA Category 2-A.

Other Health Care Professionals – A certificate of attendance will be provided to other health care professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.
