SPORTS MEDICINE

FOR THE PRIMARY CARE CLINICIAN 2019

- This conference will give attendees the confidence to accurately diagnose and treat sports-related conditions and the knowledge to determine appropriate testing and referral criteria.
- The course will supplement skills learned in residency and allow participants to fill in gaps in their training.
- Didactics will reinforce existing knowledge of musculoskeletal conditions diagnosis and treatment.
- Topics discussed include musculoskeletal conditions and procedural techniques primary care clinicians can for athletes and active individuals.
