SEDONA, ARIZONA
AUGUST 1–4, 2019

CE.MAYO.EDU/CARDIOLOGYUPDATE2019
COURSE DESCRIPTION
This course features a wide spectrum of the latest updates in congestive heart failure (CHF), pulmonary hypertension, coronary artery disease, cardiac arrhythmias, congenital heart disease, anticoagulation, preventive cardiology, sports cardiology and valvular heart disease, among others. ABIM MOC and nursing credit will also be offered.

LEARNING OBJECTIVES
Upon completion of this activity, participants should be able to:

• Assess indications, use, and limitations of different types of anticoagulants in a diverse spectrum of cardiovascular diseases.
• Evaluate peri-procedure management of anticoagulation in patients with nonvalvular atrial fibrillation.
• Recite the current indications and contra-indications for TAVR, mitral valve clip and potential new indications for percutaneous valve replacement therapy.
• Apply the latest hypertension and cardiovascular (CV) guidelines to improve overall morbidity/mortality rates.
• Describe practice changes to improve care for patients with congenital heart disease.
• Summarize guidelines to increase preventive care for patients with CV diseases.
• Apply current guidelines for the treatment of congestive heart failure (CHF).
• Describe clinical features of primary pulmonary arterial hypertension.
• Describe cardiovascular adaptation to exercise and review risks and benefits of exercise in patients with cardiovascular diseases.

Attendance at this Mayo Clinic course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

INTENDED AUDIENCE
This course is designed for practicing cardiologists, cardiovascular surgeons, specialists and trainees in internal medicine, emergency medicine and family medicine, physician assistants, nurse practitioners, nurses, and staff with a cardiovascular interest.

CREDIT

In support of improving patient care, Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

AMA: Mayo Clinic College of Medicine and Science designates this live activity for a maximum of 22.5 AMA PRA Category 1 Credits™ (17.75 general course; 4.75 optional Sunday morning session.) Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAFP: This live activity, Mayo Clinic Cardiology Update: The Heart of the Matter 2019, with a beginning date of 08/01/2019, has been reviewed and is acceptable for up to 22.5 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC: Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 22.5 Medical Knowledge MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit. Participation information will be shared with ABIM through PARS.

ANCC: Participants can earn up to 22.5 ANCC nursing contact hours commensurate with the extent of their participation in the activity.

AOA: The American Osteopathic Association designates this program for a maximum of 22.5 Category 2-A credits.

Nurses and Other Healthcare Professionals: A certificate of attendance will be provided to other healthcare professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.
