Friday April 21, 2017

Interesting Case Presentations

Moderators: David Sarraf, M.D., Wendy M. Smith, M.D., Kimberly Stepien, M.D.

4:30-5:30       Registration and Hours d'oeuvres
5:30-8.00       Case presentations by faculty and participants
8:00           Dinner and Exhibitors

Saturday April 22, 2017

Medical Retina and Clinical Trials

Moderators: Michael Ip, M.D., Thomas W. Gardner, M.D., David W. Parke II, M.D., Andrew J. Barkmeier M.D.

8:00-8:15:       Treatment of Proliferative Diabetic Retinopathy - Is it time for a new approach?  
Michael Ip, M.D.
8:15-8:30:       Treating Diabetic Macular Edema: Role of laser, anti-VEGF and steroids  
Andrew J. Barkmeier M.D.
8:30-8:45:       Diabetic Retinal Sensory Neuropathy  
Thomas W. Gardner, M.D.
8:45-9:00:       Update on the Treatment of Central Retinal Vein Occlusion  
Michael Ip, M.D.
9:00-9:15:       Clinical Applications of OCT Angiography and Beyond  
David Sarraf, M.D.
9:15-9:30:       Clinical Applications of Adaptive Optics Imaging  
Kimberly Stepien, M.D.
9:30-9:45:       “EHR's, IRIS, and the Promise/Perils of Big Data in Ophthalmology”  
David W. Parke II, M.D.
9:45-10:00:      Discussion and Questions

10:00-10:30:    Break and Exhibitors

Age-Related Macular Degeneration and Retinal Degenerations

Moderators: Daniel F. Martin, M.D., David Sarraf, M.D., Sophie J. Bakri, M.D.

10:30-10:45:    Role of Genetic Testing in Inherited Retinal Degenerations  
Kimberly Stepien, M.D.
10:45-11:15:    Managing Neovascular AMD: Important Clinical Pearls from CATT  
Daniel F. Martin, M.D.
11:15-11:30:    Pathogenesis, Evolution, Diagnosis and Management of Type 3 Neovascularization in AMD  
David Sarraf, M.D.
11:30-11:45:    Complement Inhibition for Dry AMD  
Sophie J. Bakri, M.D.
11:45-12:00:    Cell Therapy Trials for Atrophic AMD  
Allen Ho, M.D.
12:00-12:15:    Discussion and Questions
12:15-1:30: Lunch Break and Exhibitors

Surgical Approaches and Future Direction

Moderators: Kirk H. Packo, M.D., Edwin H. Ryan, M.D., Allen Ho, M.D., Raymond Iezzi, M.D.

1:30-1:45: Is ‘Volume to Value’ Still Alive?
David W. Parke II, M.D.

1:45-2:00: Vitrectomy for the Anterior Segment Surgeon: How to do it safely
Kirk H. Packo, M.D.

2:00-2:15: Current Management of Retinal Detachment
Edwin H. Ryan, M.D.

2:15-2:30: Multimodal Imaging of Posterior Uveitis
Wendy M. Smith, M.D.

2:30-2:45: MEKAR
Jose S. Pulido, M.D.

2:45-3:00: Controversies in the Management of Vitreous Opacities
Edwin H. Ryan, M.D.

3:00-3:15: 3d Viewing: The Future Of Vitreoretinal Surgery
Allen Ho, M.D.

3:15-3:30: The Timing of Retinal Detachment Repair – How Urgent Is It?
Kirk H. Packo, M.D.

3:30-3:45: The Importance of Clinicians in Medical Innovation
Thomas W. Gardner, M.D.

3:45-4:00: Surgical Strategies for Restoring Sight to the Blind
Raymond Iezzi, M.D.

4:00-4:15: Discussion, Questions and Close
