

Mayo Clinic COVID-19: Expert Insights and Strategies Online CME Course

COVID-19 Virtual Clinic – Mayo Clinic Experience

(Recorded 09/16/2020)

Activity Description

Katherine Walsh, MPAS, P.A.-C., M.P.H. and her team at Mayo Clinic in Florida created a virtual clinic for COVID-19 positive patients to keep beds available at the hospital. This presentation explains how it was implemented and the best practices for virtual patient care during this pandemic. It explores the benefits and hurdles for creating a virtual clinic.

Target Audience

Healthcare workers of all specialties who are being impacted by COVID-19, including physicians, research scientists, physician assistants, nurse practitioners, nurses, and anyone with a particular interest in prevention, treatment, and patient care.

Learning Objectives

Upon completion of this activity you will be able to:

1. Summarize establishment of COVID-19 Virtual Clinic (CVC).
2. Identify when to discontinue isolation for COVID-19 patients.
3. Describe strategies of outpatient COVID-19 monitoring.

Utilization of this Mayo Clinic online (enduring materials) course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be in this course. Attendance at any Mayo Clinic course does not indicate or guarantee competence or proficiency in the skills, knowledge or performance of any care or procedure(s) which may be discussed or taught in this course.

Accreditation Statement

In support of improving patient care, Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Credit Statement(s)

AMA
