

Mayo Clinic COVID-19: Updates for 2021 – Online CME Course

COVID Vaccinations: Lessons Learned at Mayo Clinic

Recorded 12/22/2020

Activity Description

Michelle R. Holm, Pharm.D., R.Ph., M.P.H., discusses the supply chain logistics of the COVID vaccination, including obtaining, storing, and preventing diversion. Also discussed is a paper published on the topic, available at <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7723768/>.

Target Audience

Healthcare providers in all specialties who are being impacted by COVID-19, including physicians, research scientists, physician assistants, nurse practitioners, nurses, and caregivers with a particular interest in prevention, treatment, and patient care.

Learning Objectives

Upon conclusion of this program, participants should be able to:

- Identify information regarding storage, packing, preparation, and administration of COVID vaccines
- Recognize procurement options to sustain our supply chain
- Discuss opportunities to reduce diversion of COVID vaccines

Utilization of this Mayo Clinic online (enduring materials) course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be in this course. Attendance at any Mayo Clinic course does not indicate or guarantee competence or proficiency in the skills, knowledge or performance of any care or procedure(s) which may be discussed or taught in this course.

Accreditation Statement

In support of improving patient care, Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Credit Statement(s)

AMA
