

Symposium on Anesthesia and Perioperative Medicine Online CME

Activity Description

This online continuous medical education symposium includes lectures, conundrum panel discussions, and interactive audience-response sessions in anesthesia and perioperative management. It is intended for practicing anesthesiologists, nurse anesthetists and perioperative healthcare providers. The medical CME focuses on current information useful for those with an interest in clinical anesthesiology and perioperative medicine.

Target Audience

This course is designed for anesthesiologists, nurse anesthetists, anesthesia techs, registered nurses, nurse practitioners, and physician assistants.

Learning Objectives

Upon conclusion of this activity, participants should be able to:

- Differentiate the risks and benefits of analgesic options following cesarean delivery
- Discuss the role of cannabinoids in pain management
- Review the management of peripartum hemorrhage

Attendance at this Mayo Clinic course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

Accreditation Statement

In support of improving patient care, Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Credit Statement(s)

Mayo Clinic College of Medicine and Science designates this enduring material for a maximum of 12.00 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Summary

As a provider accredited by Joint Accreditation Interprofessional Continuing Education, Mayo Clinic College of Medicine and Science must ensure balance, independence, objectivity and scientific rigor in its educational activities. Course Director(s), Planning Committee Members, Faculty, and all others who are in a position to control the content of this educational activity are required to disclose all relevant financial relationships with any commercial interest related to the subject matter of the educational activity. Safeguards against commercial bias have been put in place. Faculty also will disclose any off label and/or investigational use of pharmaceuticals or instruments discussed in their presentation. Disclosure of these relevant financial relationships will be published in activity materials so those participants in the activity may formulate their own judgments regarding the presentation.

Listed below are individuals with control of the content of this program who have disclosed...

Relevant financial relationship(s) with industry:

J. Ross Renew, M.D.	Grant/Research Support	Merck-funded research, funds to Mayo Clinic
	Other	Authored UpToDate Chapter on Neuromuscular blockade

No relevant financial relationship(s) with industry:

Elena Ashikhmina, M.D., Ph.D.	Jason K. Panchamia, D.O.
Daniel R. Brown, M.D., Ph.D.	Jeffrey J. Pasternak, M.D.
Ryan C. Craner, M.D.	Thomas P. Pittelkow, D.O., M.P.H.
Sarah E. Dodd, M.D.	Robert A. Ratzlaff, D.O.
George D. Gilkey, M.D.	Julie A. Reed
Andrew W. Gorlin, M.D.	David Rosenfeld, M.D.
Adam K. Jacob, M.D.	Hans P. Sviggum, M.D.
Jeffrey B. Jensen, M.D.	Matthew N. Vogt, M.D.
Archer K. Martin, M.D.	Matthew A. Warner, M.D.
Robert L. McClain, M.D.	Tasha L. Welch, M.D.
Michael E. Nemergut, M.D., Ph.D.	

References to off-label and/or investigational usage(s) of pharmaceuticals or instruments in their presentation:

Name	Manufacturer/Provider	Product/Device
Thomas P. Pittelkow, D.O., M.P.H.		Medical Cannabis

Disclaimer

Participation in this Mayo Clinic educational activity does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course. You should be aware that substantive developments in the medical field covered by this recording may have occurred since the date of original release.

Prerequisites for Participation

There are no prerequisites needed prior to participating in this education activity.

Method of Participation

Participation in this activity consists of reviewing the educational material, completing the learner assessment and evaluation.

How to Obtain Credit

To obtain credit, learner must complete the assessment with a pass rate of 80% or higher.

Release and Expiration Dates

Release Date:	August 1, 2021
Expiration Date:	July 31, 2022

Acknowledgement of Commercial Support

No commercial support was received in the production of this activity.
