RISE for Equity: Reflect, Inspire, Strengthen & Empower 2021
November 4-6, 2021

GLADYS B. ASIEDU, Ph.D.

Dr. Asiedu is an Associate Consultant and Assistant Professor in health services research within the Kern Center for the Science of Health Care Delivery. Her research is focused on linking micro and macro factors related to patient health and health systems, addressing disparities and inequities in employee workplace, patient, and community settings. Dr. Asiedu's work utilizes innovative qualitative research approaches, practice improvement and implementation design in clinical and community engagements and interventions to increase access and reduce disparities in health.
