RISE for Equity: Reflect, Inspire, Strengthen & Empower 2021
November 4-6, 2021

Denise Dupras, MD, PhD

Denise M Dupras, MD, PhD; Associate Professor of Medicine, Mayo Clinic, Rochester, MN

I am an internist and primary care physician and a lesbian. I am a member of the Mayo Clinic OUTlist and MERG group in Rochester, MN. I have been in practice for 28 years and was an associate program director in the Internal Medicine for 14 years. My interests are increasing education in the care of diverse patient populations, caring for LGBTBIQ+ populations, and changing the culture for “normative” to be inclusive of all through my actions.
