Dear Exhibitor

On behalf of course directors, Paul A. Friedman, M.D. Dan Sorajja, M.D. and Komandoor Srivathsan, M.D., we hope you will consider a display opportunity at our 5th Annual Heart Rhythm & EGG Course: A Case Based Approach held December 1-4, 2016 at the Fairmont Scottsdale Princess, Scottsdale, AZ. We expect around 300 general internists, hospitalists, family practitioners, and allied health staff participating in cardiac services, nationally and internationally.

This course will focus on clinical and hospital-based cardiac rhythm issues and other topics for both physicians and allied health staff.

Display fees are \$2,500 for this four day course. Space is limited and table assignments will be made on a first come, first served basis based on the date the signed exhibit agreement letter is received in our office.

Mayo Clinic, an integrated, not-for-profit group practice, is committed to meeting its responsibility as a national medical education resource and is accredited by the Accreditation Council for Continuing Medical Education to provide 24.25 *AMA PRA Category 1 Credit(s)*TM for this course.

Our programs provide valuable information on unmet needs to the medical community. We sincerely appreciate your consideration and hope you will take the opportunity to join us for a truly unique educational program.

Sincerely,

A handwritten signature in black ink, appearing to read 'Sheila Newby', with a stylized flourish at the end.

COURSE DESCRIPTION

This 4 half day course concentrates on general ECG understanding, guidelines on atrial fibrillation and CHF management. It is designed to allow health care professionals the opportunity to update their medical knowledge, enhance their clinical skills, and support their professional development through a dynamic curriculum. Attendees will realize important advances in the medical field and address educational needs and practice gaps. Through didactic lectures, case-study presentations, and audience interaction, this CME activity strives to develop and promote continuing medical education with the ultimate goal of enhancing patient care.

COURSE LEARNING OBJECTIVES

Upon conclusion of this program, participants should be able to:

- Identify common ECG patterns
- Analyze the benefits of and barriers to the appropriate use of new and emerging oral anticoagulant therapies
- Describe the current guidelines and new strategies for treatment of atrial fibrillation
- Discuss guidelines for ICD implantation
- Discuss simplified criteria for aberrancy or ventricular tachycardia
- Discuss early evaluation and acute management options for arrhythmias

Attendance at this Mayo Clinic course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

INTENDED AUDIENCE

This course offers sessions for all levels of professionals and is intended for general internists, hospitalists, family practitioners, and allied health staff participating in cardiac services.
