Dear Exhibitor

On behalf of course director, Gregory A. Broderick, M.D. and David D. Thiel, M.D., we hope you will consider a display opportunity at our ***Mayo Clinic Update in Urology 2017 course held February 20-24, 2017 at Atlantis, Paradise Island, Bahamas.*** We expect around 200 General Urologists, Robotic Surgeons, Oncologists and Radiation Oncologists and Health Care Providers (NP, PA) specializing throughout the spectrum of clinical urology participating both nationally and internationally. This course will focus on novel therapies for various urologic conditions: prostate cancer, kidney cancer, bladder cancer, men's sexual health, BPH and incontinence.

Display fees are \$2,500 for this five, half day course. Space is limited and table assignments will be made on a first come, first served basis.

Our programs provide valuable information on unmet needs to the medical community. We sincerely appreciate your consideration and hope you will take the opportunity to join us for a truly unique educational program.

Sincerely,

✶

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at www.irs.gov/fw9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)

- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding? on page 2.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

Course Description

The diagnosis and management of many urologic conditions has been influenced by recent medical, surgical and technological advances in the field. This course will make use of the world class urologic surgical expertise present at the three Mayo Clinic sites in Rochester, MN; Scottsdale, AZ; and Jacksonville, FL to provide community and academic urologists with a comprehensive update on the field of clinical urology. The clinician will benefit from an update on novel therapies for various urologic conditions: prostate cancer, kidney cancer, bladder cancer, men's sexual health, BPH and incontinence.

Course Learning Objectives

Upon conclusion of this program, participants should be able to:

- Describe the current modalities for risk stratification of patients with newly-diagnosed prostate cancer.
- Discuss the proper use of image-guided focal prostate therapy for prostate cancer.
- Assess modern day prostatectomy: Robotic vs open surgery – Individualizing approaches to maximize urinary continence and erectile function and appropriate rehabilitation strategies for each.
- Determine optimal approaches for high grade prostate cancer. Surgery vs. Radiation and timing of adjuvant/neo-adjuvant therapy.
- Evaluate recent advances in systemic therapy for advanced prostate carcinoma.
- Identify the roles of adjuvant and salvage therapies for patients with biochemical recurrence after radical prostatectomy.
- Recognize the various surgical and medical strategies for Peyronie's disease, and determine the appropriate timing and selection of each in order to maximize treatment approach.

Attendance at this Mayo Clinic course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

Intended Audience

This course is designed for physicians: general urologists, robotic surgeons, oncologists and radiation oncologists specializing throughout the spectrum of clinical urology.

Credit

Mayo Clinic College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Mayo Clinic College of Medicine designates this live activity for a maximum of 18.75 *AMA PRA Category 1 Credits™*.
