Course Description

Dental Reviews is a unique, multifaceted selection of topics integrating medicine and dentistry. Presentations made by Mayo Clinic faculty along with distinguished visiting faculty will provide contemporary information and a comprehensive overview on medical and dental topics of interest to dental staff members.

The invited Joseph A. Gibilisco Honorary speaker for 2017 is John W. Hellstein, D.D.S., Head, Department of Oral Pathology, Radiology and Medicine at the University of Iowa.

Intended Audience

This program is designed for dentists, dental hygienists, dental assistants, and other office staff who desire a clinical update.

Course Objectives

- Relate dental and medical information to specific challenges seen in everyday dentistry.
- Review contemporary medical issues, helping to provide you with a greater understanding of your patient's medical history as it may impact your dental treatment plan for that patient.
- Identify and apply evidence based research regarding contemporary medical issues pertinent to your patient's dental health.

Credit

A total of 11 continuing education credits may be earned by attending Dental Reviews general sessions.

Mayo Clinic is designated as an Approved PACE Program Provider by the Academy of General Dentistry.
