Psychiatry in Medical Settings - Online

Activity Description
Psychiatry in Medical Settings provides up to date reviews of psychiatric problems that occur in inpatient and outpatient medical-surgical settings, including treatment resistant depression, anxiety, somatic symptom problems, sleep disturbances, delirium, substance use disorders, and suicide risk in medical-surgical patients. Special populations will be covered including patients with cancer, patients undergoing transplants, women in their reproductive years, and pediatric patients. Featured topics will be covered in depth by a group of medical and behavioral specialists through well-coordinated didactic presentations. Featured Topics include Functional GI Disorders, Dermatologic Disorders, and Sleep Disorders.

Target Audience
This course is designed for family physicians, general internists, psychiatrists, and advanced practice providers.

Learning Objectives
Upon conclusion of this activity, participants should be able to:

- Recognize the evidence regarding the effects of medical comorbidity on management of treatment resistant depression.
- Describe recent advancements in the use of ketamine and updated methods of transcranial magnetic stimulation to treat depressive disorders.
- Summarize the evidence-based treatment guidelines for the diagnosis and management of acute delirium in the ICU setting.
- Recognize the value of coordination of care between intensivists and psychiatrists in the management of acute agitation in the ICU.
- Summarize the proper approach to diagnosing, assessing, and managing sleep disorders.
- Incorporate new therapeutic options into treatment plans for functional GI disorders.
- Improve familiarity with the most common psychocutaneous conditions.

Attendance at this Mayo Clinic course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

Accreditation Statement
In support of improving patient care, Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Credit Statement(s)

AMA
The Mayo Clinic College of Medicine and Science designates this enduring material for a maximum of 12.25 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Summary*
As a provider accredited by Joint Accreditation Interprofessional Continuing Education, Mayo Clinic College of Medicine and Science must ensure balance, independence, objectivity and scientific rigor in its educational activities. Course Director(s), Planning Committee Members, Faculty, and all others who are in a position to control the content of this educational activity are required to disclose all relevant financial relationships with any commercial interest related to the subject matter of the educational activity. Safeguards against commercial bias have been put in place. Faculty also will disclose any off label and/or investigational use of pharmaceuticals or instruments discussed in their presentation. Disclosure of these relevant financial relationships will be published in activity materials so those participants in the activity may formulate their own judgments regarding the presentation.

Listed below are individuals with control of the content of this program who have disclosed…
Relevant financial relationship(s) with industry:

Jeffrey P. Staab, M.D., M.S.  Grant/Research Support  Mayo Clinic in partnership with OneOme, LLC

No relevant financial relationship(s) with industry:

R. Robert Auger, M.D.  Katherine M. Moore, M.D.
J. Michael Bostwick, M.D.  Robert (Rob) J. Morgan, III M.D., Ph.D.
Robert P. Bright, M.D.  Shehzad K. Niazi, M.D.
Matthew M. Clark, Ph.D., L.P.  Sandra J. Rackley, M.D., MAEdHD
Mark Denis P. Davis, M.D.  Shirlene Sampson, M.D., M.S.
Shawna L. Ehlers, Ph.D., L.P.  Craig N. Sawchuk, Ph.D., L.P.
Jean C. Fox, M.D.  Jill R. Snuggerud, M.S., L.P.
Daniel K. Hall-Flavin, M.D., M.S.  Nuria J. Thusius, M.D.
Mithri Junna, M.D.  Jennifer L. Vande Voort, M.D.
David J. Katzelnick, M.D.

References to off-label and/or investigational usage(s) of pharmaceuticals or instruments in their presentation:

Robert (Rob) J. Morgan, III M.D., Ph.D.  Various Antipsychotics for agitation/delirium; dexmedetomidine for agitation/delirium
Shirlene Sampson, M.D., M.S.  Magpro and Magstim equipment Theta Burst TMS
Jeffrey P. Staab, M.D., M.S.  Various manufacturers of generic antidepressants TCAs, SSRIs, SNRIs, other antidepressants
Jennifer L. Vande Voort, M.D.  N/A Use of IV ketamine for treatment-resistant depression.

Mayo Disclaimer
Participation in this Mayo Clinic educational activity does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course. You should be aware that substantive developments in the medical field covered by this recording may have occurred since the date of original release.

Prerequisites for Participation
There are no prerequisites needed prior to participating in this education activity.

How to Obtain Credit
To obtain credit, complete the post-test, evaluation and submit.

Method of Participation
Participation in this activity consists of reviewing the recordings and completing the post-test and evaluation.

Release and Expiration Dates*
Release Date: 3/1/2021
Expiration Date: 3/1/2024

Acknowledgement of Commercial Support (required when applicable*)
No commercial support was received in the production of this activity.
