

## The 'Cutting' Edge in Inflammatory Bowel Disease Dilemmas and Debate

September 8, 2018  
Mayo Clinic • Rochester, Minnesota

- 7:00 – 7:50**      **Conference Registration & Continental Breakfast**
- 7:50-8:00**        **Welcome and Introductions**  
Amy L. Lightner, M.D. and John H. Pemberton, M.D.
- 8:00 – 9:00**        **Dilemma #1: Deciphering the intersection between medical and surgical therapy for Crohn's Disease**  
Co-chairs: Sunanda V. Kane, M.D. and Phil Fleshner, M.D.
- 8:00 – 8:15        Anti TNF, anti-integrin, or anti-interleukin as first line therapy for ileocolic CD?  
Peter Irving, MA, M.D., FRCP
- 8:15 – 8:30        You chose the first line biologic but what are the implications for postoperative outcomes?  
Paulo Kotze, M.D., MSc, Ph.D.
- 8:30-8:45        Forget all this biologic talk....just operate early for terminal ileal CD.  
Willem A. Bemelman, M.D., Ph.D.
- 8:45-9:00        Discussion
- 9:00 – 9:30**        **Debate #1: Acute severe UC: a battle of giants**  
Co-chairs: Antonino Spinelli, M.D., Ph.D. and Fabio Vieira Teixeira, M.D., MSc, Ph.D.
- 9:00                I can avoid the surgeon when the patient is admitted for a UC flare!  
Remo Panaccione, M.D., FRCPC
- 9:10                Why didn't you call me sooner? How do I approach this patient now?  
Janindra Warusavitarne, Bmed, FRACS, Ph.D.
- 9:20                Rebuttal and discussion

**9:30 – 10:30 Dilemma #2: So many options. Which one to choose?**  
Co-Chairs: William J. Tremaine, M.D. and Andre D'Hoore, M.D., Ph.D.

9:30 Performing a Proctectomy for Crohn's: What is the best option?  
Jean H. Ashburn, M.D.

9:45 CTE, MRE, U/S: what is the best imaging modality?  
JG Fletcher, M.D.

10:00 How to treat rectal cancer in UC: any different?  
Peter Sagar, MB ChB, FRCS, DM

10: 15 Discussion

**10:30 – 11:00 Coffee Break**

**11-12:15 Dilemma #3: Does advanced technology have a role in clinical practice? (15 min presentations and 5 min discussion)**  
Co-Chairs: David W. Larson, M.D., MBA and Sunanda V. Kane, M.D.

11:00 Genetic sequencing: does it translate into our clinical practice?  
Walter Koltun, M.D.

11:15 Can endoscopy be used for strictureplasty?  
Bo Shen, M.D.

11:30 Safety and monitoring of new IBD therapies?  
Miguel Regueiro., M.D.

11:45 Hand assist, lap, robot...which is the best minimally invasive approach?  
Antonino Spinelli, M.D., Ph.D.

Discussion

**12:15-1:15 Lunch**

**1: 15-2:15 Debate #2: Perianal fistulizing disease...who does it better? GI or Colorectal Surgery?**  
Co-chairs: Phil Fleshner, M.D. and Remo Panaccione, M.D.

1:15 Hold your knife!  
Sunanda V. Kane, M.D.

1:30 But there are so many effective surgical options...  
Tracy Hull, M.D.

1:45 Forget the invasive approaches: simply inject or plug the hole with stem cells!  
Amy L. Lightner, M.D.

2:00 Discussion

**2: 15-3:15 Dilemma #4: Crohn's Proctocolitis is tricky. How do we best manage these situations?**  
Co-chairs: Kellie L. Mathis, M.D. and Peter Irving, MA, M.D., FRCP

- 2:15 Segmental colectomy, Subtotal Colectomy, or Proctocolectomy?  
Scott Steele, M.D.
- 2:30 Should we make a pouch in a patient with Crohn's Disease?  
Andre D'Hoore, M.D., Ph.D.
- 2:45 Damn, the patient developed CD of the pouch. Should we revise or reconstruct?  
Feza Remzi, M.D.
- 3:00 Discussion
- 3:15-3:30 Coffee
- 3:30-4:15 Dilemma #5. Navigating difficult cases of penetrating Crohn's Disease**  
**Case presenter: Phil Fleshner, M.D.**
- Panel: Miguel Regueiro, M.D., Janindra Warusavitarne, Bmed, FRACS, Ph.D., and JG Fletcher, M.D., and Paulo Kotze, M.D., MSc, Ph.D.
- 4:15-5:00 Debate #3: tA ileal pouch. Best thing ever or wait a minute?**  
Co-Chairs: Antonino Spinelli, M.D., Ph.D. and Feza Remzi, M.D.
- 4:15 Best Thing Ever  
Willem A. Bemelman, M.D., Ph.D.
- 4:30 Wait a Minute  
Eric J. Dozois, M.D.
- 4:45 Discussion
- 5:00-5:15 Closing remarks**  
Andre D'Hoore, M.D., Ph.D. and Amy L. Lightner, M.D.
