COURSE HIGHLIGHTS

- Designed for preparing attendees for PM&R Part 2 oral boards examination
- Utilizes didactic lecture featuring case vignettes to help guide study and preparation
- Coaching emails and optional pre-conference refresher materials available before the live course to facilitate better preparation

TARGET AUDIENCE

Physical Medicine & Rehabilitation physicians

LEARNING OBJECTIVES

Upon conclusion of this program, participants should be able to:

- Describe how to apply newly developed technologies for the treatment of commonly seen medical conditions
- Demonstrate patient care skills that are appropriate and effective for the treatment of commonly seen patients in a psychiatric practice
- Identify techniques for effective communication with patients, and how to apply those techniques in practice
- Integrate the practice-based learning process and apply the experience gained in simulation
- Exhibit interpersonal and communication skills that result in effective information exchange and learning with patients, their families, and other health professionals

COURSE DIRECTORS

Jeffrey S. Brault, D.O.
Brian E. Grogg, M.D.
Billie A. Schultz, M.D.
David C. Weber, M.D.
