COURSE HIGHLIGHTS

This state-of-the-art update on Multiple Sclerosis and Autoimmune Neurology is designed to provide evidence-based strategies that focus on practical clinical management from a multidisciplinary approach when treating patients with these neurologic disorders.

We welcome a variety of specialists, primary care physicians, and advanced health care providers who have a specific interest in this field. Targeted specialties include: Neurology, Internal Medicine, Family Medicine, Anesthesia, Immunology and other related fields.

The format will include the latest clinical and laboratory research presented through didactic lecture, case vignettes, interactive Q & A sessions and the opportunity for open discussions with the faculty.
