

6th Annual Acute Care of the Complex Hospitalized Medicine for NPs and PAs

PHARMACOLOGY CONTENT

Select presentations will contain pharmacology content as noted in the program. Identified presentations represent approximately 7.0 hours of pharmacology content.

Wednesday, February 7, 2018	
6:30 a.m.	Registration and Breakfast
7:30 a.m.	Course Introduction and Pre-Test
7:40 a.m.	Updates in Hospital Medicine A.Scott Keller, M.D.
8:30 a.m.	Dude, Where's My Blood? Andrew J. Herber, P.A.-C.
9:20 a.m.	Refreshment Break
9:40 a.m. 	Antibiotic Update Mark W. Burns, APRN, M.S., A.C.N.P. Objectives: <ul style="list-style-type: none"> • Discuss affects of antimicrobials • Discuss allergic reactions • Discuss new antimicrobials • Discuss prolonged QTc syndrome related to antimicrobial therapy
10:30 a.m.	Ischemic Stroke: Overview, Management, and Updates James P. Klaas, M.D.
11:20 a.m.	Lunch
12:15 p.m.	Inpatient Management of Liver Disease Jennifer S. Palermo, P.A.-C.
1:00 p.m.	Pulmonary HTN for Hospitalist Rodrigo Cartin-Ceba, M.D.
1:50 p.m.	Refreshment Break
2:10 p.m. 	COPD: Where do we go from here? Andrew P. Walker, P.A.-C., M.S. Objectives: <ul style="list-style-type: none"> • Review the causes and clinical presentation of a COPD exacerbation. • Determine the appropriate disposition of a patient presenting with a COPD exacerbation.

	<ul style="list-style-type: none"> • Discuss the evaluation and management of a COPD exacerbation. • Review the role of nebulized vs MDI therapy in a COPD exacerbation. • Discuss the risk factors predisposing to readmission in COPD patients and strategies to mitigate the risk. • Review emerging therapeutic interventions.
3:00 p.m. 	Acute Coronary Syndrome Stephanie M. Jalaba, P.A.-C. Objectives: <ul style="list-style-type: none"> • Review classification of ACS <ul style="list-style-type: none"> • Typical vs. Atypical Chest Pain • STEMI, NSTEMI-ACS • Risk Factors/Risk Stratification • Focused Evaluation • Treatment of ACS <ul style="list-style-type: none"> • Medical therapies • Strategies of management
3:45 p.m.	Day 1 Adjourns
5:00-7:00 p.m.	Welcome Reception
Thursday, February 8, 2018	
7:00 a.m.	Breakfast
8:00 a.m.	Cases in Hospital Administration James S. Newman, M.D., M.S.
8:40 a.m. 	Overdoses Katie N. Finley, APRN, C.N.P. Objectives: <ul style="list-style-type: none"> • Identify common toxidromes and their causes • Differentiate and describe management of each toxidrome • Recognize the significance of anion and osmolar gaps, and know when to utilize them • Discuss pharmacological interventions for several classes of ingestions • Review resources for providers caring for overdoses and ingestions
9:30 a.m.	Refreshment Break
9:50 a.m.	Demystifying Hyponatremia and Hypernatremia Disorders Mira T. Keddis, M.D.

10:40 a.m. 	Cases from the Anticoagulation Consult Service Scott C. Litin, M.D. Objectives: <ul style="list-style-type: none"> • Use anticoagulants appropriately in the treatment of superficial thrombosis. • Safely use the correct dose of direct oral anticoagulants to treat patients with deep vein thrombosis • Manage chronically anticoagulated patients who are undergoing a surgical procedure.
11:30 a.m. 	Pharmacist Top 10 for Hospitalists Leila K. Tehrani, Pharm.D., R.Ph., M.B.A. Objectives: <ul style="list-style-type: none"> • Review new drug approvals relevant to inpatient practice • Review mechanism of action for new drugs • Understand indication, side effects, and drug interactions
12:00 p.m.	Day 2 Adjourns

Friday, February 9, 2018	
7:00 a.m.	Breakfast
8:00 a.m.	“The Guidelines Say For You To Shut Up!": Let’s Fight About Sepsis Daniel L. Roberts, M.D.
8:50 a.m. 	Diabetes Mellitus, Hyperglycemic, and Hypoglycemic Management for Hospitalized Patients in 2018 Krystal M. Renszel, D.O. Objectives: <ul style="list-style-type: none"> • Review current literature regarding glycemic targets & insulin dosing with focus on non-ICU hospitalized patients • Manage special populations (corticosteroids, ESRD/CKD, ICU) • Discuss hypoglycemia and impact on mortality • Choose dosing regimens based on patient population & nutritional status
9:40 a.m.	Refreshment Break
10:00 a.m.	Hematology for the Hospitalist Syed Ahsan Rizvi, M.D.
10:50 a.m. 	Palliative Care Pearls Sara E. Wordingham, M.D. Objectives: <ul style="list-style-type: none"> • Review the role, scope, and philosophy of palliative medicine • Explore a case to highlight primary palliative medicine

	skills for hospital based providers in symptom management, advance care planning, and shared decision making
11:30 a.m.	Critical Care Updates John G. Park, M.D.
12:15 p.m.	Day 3 Adjourn
Saturday, February 10, 2018	
7:00 a.m.	Breakfast
8:00 a.m.	Improving Surgical Outcomes David R. Farley, M.D.
8:50 a.m. 	Direct Oral Anticoagulants Philip J. Kuper, Pharm.D., R.Ph. Objectives: <ul style="list-style-type: none"> • Describe the 4 direct oral anticoagulants (DOACs) • Identify patient parameters that affect selection of anticoagulant • Describe monitoring options for DOACs • Recall reversal strategies for DOACs
9:40 a.m.	Refreshment Break
10:00 a.m.	Hospital Medicine Meets Critical Care Adrijana K. Anderson, P.A.-C.
10:40 a.m. 	Heart Failure Management for Hospitalist Meltiady Issa, M.D., M.B.A. Objectives: <ul style="list-style-type: none"> • Address common pitfalls related to the diagnosis and management of acute heart failure • Discuss how to apply new therapies and updates • Reveal helpful and practical clinical pearls
11:20 a.m.	A Case by Case Approach to Ethical Issues Wendy S. Moon, APRN, C.N.P.
12:00 p.m.	Wrap-Up
12:15 p.m.	Course Adjourns
