

Suturing Skills Workshop

NOTE LOCATION FOR WORKSHOPS ONLY:

**Mayo Clinic Simulation Center
Stabile Building, First Floor
150 3rd Street SW**

This intensive skills workshop focuses on commonly encountered bedside procedures for the hospitalized patient that integrates both didactic and simulation based learning into an experiential learning curriculum that emphasizes knowledge and practice behavior. It arms the participant with the knowledge and skills to complete commonly occurring bedside procedures.

Learning objectives:

Upon conclusion of this program, participants should be able to:

- Review suture, needle and instrument selection
- Demonstrate wound closure techniques
- Describe suture after care
