COURSE DESCRIPTION

This course is designed for emergency department providers who are motivated to incorporate the latest advances in care to their own practice setting. Take advantage of this unique opportunity to learn from and meet Mayo Clinic faculty who are intentionally looking for ways to improve the care of acutely ill and injured adults and children every day. Join us in this family-friendly venue to find ways to add to your day-to-day practice.

LEARNING OBJECTIVES

Upon conclusion of this program, participants should be able to:

- Describe examples of Emergency Medicine best practices for high risk acute care topics
- Recognize the potential barriers to implementation of best practices for high risk acute clinical care
- Evaluate implementation strategies via networking with fellow participants and conference speakers
- Engage in bedside US hands-on learning sessions

Attendance at this Mayo Clinic course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

INTENDED AUDIENCE
