## PRACTICAL DERMATOLOGY FOR THE GENERALIST

**EMBASSY SUITES BY HILTON**  
**SCOTTSDALE, ARIZONA**  
March 22–24, 2018

15.75  
AMA PRA  
CATEGORY 1  
CREDITS™

5.75  
HOURS OF  
PHARMACOLOGY  
CONTENT

## COURSE HIGHLIGHTS

- Approximately 5.75 hours of pharmacology content
- Practical dermatology for the non-dermatologist
- Interactive lectures covering multiple aspects of dermatology
- Management of moles, skin infections, cancers, rashes, lumps and bumps, and simple dermatologic procedures
- Feel comfortable caring for patients with skin conditions
- Expert dermatologists from the three Mayo Clinic national practices

## TARGET AUDIENCE

The information presented will be relevant to a broad range of non-dermatologists and primary care providers, including physician assistants, general practitioners, internists and nurse practitioners.

## LEARNING OBJECTIVES

Upon conclusion of this program, participants should be able to:

- Evaluate a variety of skin lesions, differentiating common and benign lesions from those which require more aggressive management.
- Recognize the need for appropriate sample technique and the role of pathology in directing management.
- Recognize and differentiate common rashes from those which can be life threatening, and determine when referral is indicated.
- Recognize and appropriately treat common dermatoses.
- Integrate the rationale and use of various topical and systemic therapies including corticosteroids, anti-fungals and antibiotics.
- Integrate skin cancer management skills into clinical practice.
