

Ajai Sehgal, B.Sc., M.Eng., CD **Chief Data & Analytics Officer**

Ajai Sehgal was appointed as Mayo Clinic's Chief Data & Analytics Officer in December 2020. Ajai brings experience in data, analytics, and machine learning based product and technology with global scale. Ajai served as CTO/CIO for Eagleview from December 2017 until September 2020 and the Chemistry Group as its CTO/CIO from January - December 2017 as well as Hootsuite as its CTO/CIO from 2014 to 2017, leading Data & Analytics, Software Engineering, IT, Security, and Operations. Prior to Hootsuite, he spent 16 years with the Canadian Armed Forces before joining Microsoft in Redmond WA. While at Microsoft, he helped found and scale Expedia from a small group of 40 people within Microsoft into a new public company that became the world's largest travel agency.
