

Program Schedule

Update in Gynecology and Minimally Invasive Surgery 2018 Pre-Course Workshop

Tuesday, February 6, 2018

7:00 a.m. **Registration & Breakfast**

Workshop Session I: Laparoscopic Suturing and Safe Tissue Extraction

Co-Chairs: Megan N. Wasson, D.O., Michael L. Sprague, M.D., Rosanne Kho, M.D.

Core Faculty: Paul M. Magtibay, M.D., Tommaso Falcone, M.D., Johnny Yi, M.D.,
Javier F. Magrina, M.D., Stephen E. Zimberg, M.D., Sarah L. Cohen, M.D.

Adjunct Faculty: Fellows

8:00 a.m. **Welcome, Introductions and Course Overview**
Megan N. Wasson, D.O.

*Note: Attendees will have the option to spend time as they choose
between the concurrent tissue extraction and suturing workshops.

8:05 a.m. – 10:50 a.m. **Demonstration of Contained Morcellation Techniques**

- **Minilaparotomy**
- **Vaginal**
- **Laparoscopic**

Sarah L. Cohen, M.D.

8:05 a.m. **Suturing Pre-Test**
Workshop Faculty

8:15 a.m. **Fundamentals of Needle Loading and Suture Management**
Michael L. Sprague, M.D.

8:20 a.m. **Lab I: Drills, Needle Loading, Tissue Reapproximation**
Workshop Faculty

8:40 a.m. **Intracorporeal Knot Tying**
Michael L. Sprague, M.D.

8:50 a.m. **Lab II: Intracorporeal Knot Tying**
Workshop Faculty

Tuesday, February 6, 2018 (continued – Workshop I)

- 9:20 a.m. **Extracorporeal Knot Tying**
Michael L. Sprague, M.D.
- 9:30 a.m. **Lab III: Extracorporeal Knot Tying and Troubleshooting**
Workshop Faculty
- 10:00 a.m. **Suturing Technologies including Barbed Suture**
Michael L. Sprague, M.D.
- 10:10 a.m. **Lab IV: Suturing Technologies**
Workshop Faculty
- 10:40 a.m. **Suturing Post-Test**
Workshop Faculty
- 10:50 a.m. **Question & Answer Session**
Workshop Faculty
- 11:00 a.m. **Workshop I Adjourns**

Workshop Session II: Laparoscopic Suturing and Safe Tissue Extraction

Co-Chairs: Megan N. Wasson, D.O., Michael L. Sprague, M.D., Rosanne Kho, M.D.

Core Faculty: Paul M. Magtibay, M.D., Tommaso Falcone, M.D., Johnny Yi, M.D.,
Javier F. Magrina, M.D., Stephen E. Zimberg, M.D., Sarah L. Cohen, M.D.

Adjunct Faculty: Fellows

- 11:30 a.m. **Welcome, Introductions and Course Overview**
Megan N. Wasson, D.O.
- *Note: Attendees will have the option to spend time as they choose
between the concurrent tissue extraction and suturing workshops.
- 11:35 a.m. – 2:20 p.m. **Demonstration of Contained Morcellation Techniques**
- **Minilaparotomy**
 - **Vaginal**
 - **Laparoscopic**
- Sarah L. Cohen, M.D.
- 11:35 a.m. **Suturing Pre-Test**
Workshop Faculty
- 11:45 a.m. **Fundamentals of Needle Loading and Suture Management**
Michael L. Sprague, M.D.

Tuesday, February 6, 2018 (continued – Workshop II)

11:50 a.m.	Lab I: Drills, Needle Loading, Tissue Reapproximation Workshop Faculty
12:10 p.m.	Intracorporeal Knot Tying Michael L. Sprague, M.D.
12:20 p.m.	Lab II: Intracorporeal Knot Tying Workshop Faculty
12:50 p.m.	Extracorporeal Knot Tying Michael L. Sprague, M.D.
1:00 p.m.	Lab III: Extracorporeal Knot Tying and Troubleshooting Workshop Faculty
1:30 p.m.	Suturing Technologies including Barbed Suture Michael L. Sprague, M.D.
1:40 p.m.	Lab IV: Suturing Technologies Workshop Faculty
2:10 p.m.	Suturing Post-Test Workshop Faculty
2:20 p.m.	Question & Answer Session Workshop Faculty
2:30 p.m.	Workshop II Adjourns

Tuesday, February 6, 2018 (continued – Workshop III)

Workshop Session III: Advanced Office and Operative Hysteroscopy

Co-Chairs: Abimbola O. Famuyide, MBBS and Matthew R. Hopkins, M.D.

Core Faculty: Tatnai L. Burnett, M.D. and Zaraq Khan, MBBS

3:00 p.m.

Welcome, Introductions and Course Overview

Abimbola O. Famuyide, MBBS and Matthew R. Hopkins, M.D.

3:05 p.m.

Hands-on Simulation Lab

Lab I: Hysteroscopy Ergonomics

- Perform diagnostic hysteroscopy
- Perform operative hysteroscopy with scissors and graspers for polypectomy, uterine septum, and Asherman's syndrome
- Perform tubal occlusion with Essure placement

Zaraq Khan, MBBS

Lab II: Hysteroscopy Morcellators

- Perform operative hysteroscopy for polyps and fibroids using hysteroscopic morcellators

Matthew R. Hopkins, M.D.

Lab III: Resectoscopy

- Review proper ergonomics of resectoscopy to perform myomectomy or endometrial ablation
- Review principles of electrosurgery

Tatnai L. Burnett, M.D.

4:45 p.m.

Question & Answer Session

Workshop Faculty

5:00 p.m.

Workshop III Adjourns
