

# Physician Assistant Board Review Online Course

## Activity Description

The Physician Assistant Board Review Online Course is a comprehensive review designed to help with initial (PANCE) and recertification (PANRE or PANRE-LA) examinations and to provide a relevant review for daily practice. Prepare for your exam with our top Mayo Clinic faculty, unparalleled content and learning techniques proven to enhance comprehension and recall.

## Target Audience

This course is designed for physician assistants preparing to take the initial PANCE or for those recertifying via PANRE or PANRE-LA. This course also provides a comprehensive review of general medicine applicable to physician assistants and nurse practitioners.

## Learning Objectives

Upon conclusion of this activity, participants should be able to:

- Recognize common symptoms of uncommon medical problems
- Identify uncommon symptoms of common medical problems
- Recognize key findings of medical imaging results for general medical issues
- Identify the clinical approach for medical conditions encountered by PAs and NPs
- Identify evaluation management strategies of general medicine diseases
- Recognize current evidence-based medicine principles to clinical practice
- Identify personnel content areas to help focus on self-study

Attendance at this Mayo Clinic course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.
