

Wound Symposium: The Edges of Wound Care Online Course

Activity Description

This Wound Symposium: The Edges of Wound Care online course delivers up-to-date diagnostic and treatment strategies for wound management. It features a multidisciplinary faculty and includes didactic sessions, demonstrations, and case presentations. The course addresses the educational needs of diverse wound care providers, from foundational knowledge to advanced strategies.

Target Audience

This multidisciplinary course is intended for healthcare providers who care for patients with wounds. Disciplines include physicians, pedorthists, podiatrists, advanced practice providers (NP/PA), WOC, CNS, RN, LPN, physical therapists, dietitians, medical trainees (medical students, residents, fellows, etc.) and others who care for patients with wounds.

Learning Objectives

Upon conclusion of this activity, participants should be able to:

- Recognize diagnostic approaches for managing foot ulcerations in the context of peripheral arterial disease and critical limb ischemia.
- Identify surgical, medical, and other treatment modalities for complex wounds.
- Recognize advanced noninvasive tools for prevention and early identification of wounds.

Attendance at this Mayo Clinic course does not indicate nor guarantee competence or proficiency in the performance of any procedures which may be discussed or taught in this course.

Accreditation Statement

In support of improving patient care, Mayo Clinic College of Medicine and Science is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.
