## 18<sup>th</sup> Annual Women's Health Update

**Doubletree Resort By Hilton Hotel**  
**Paradise Valley**  
**Scottsdale, AZ**  
March 3-5, 2022

### **COURSE HIGHLIGHTS**

- Clinical evidence related to women's health issues throughout all stages of adult life
- Expert discussions regarding topics that are challenging for practitioners, including:
  - Treatment updates on breast health/cancer risk
  - Hypertension
  - Weight loss medications and exercise
  - Diabetes management
  - Issues in menopause and sexual health
- Course format will include case-based presentations, practice pearls, use of interactive voting software, and Q & A panel discussions

### **LEARNING OBJECTIVES**

Upon conclusion of this program, participants should be able to:

- Describe an approach to management of menopause, including the current guidelines on menopausal hormone therapy use
- Discuss the cervical cancer screening guidelines, with particular reference to timing of cessation of screening
- Explain an approach to breast cancer risk assessment utilizing a personalized genomic approach
- Explain sex specific diagnosis and management of hypertension in women
- Review an approach to treatment of pelvic organ prolapse
- Explain the prevalence and management of osteoporosis
- Detail the role of sex therapy after cancer treatment
- Explain the guidelines for management of diabetes
