

Expertise in IVIG

HOME INFUSION THERAPY AT ITS BEST

KabaFusion is a patient-focused, pharmacist-owned, home infusion provider. We are dedicated to working proactively with our patients, healthcare practitioners and payors to provide comprehensive support before, during, and after treatment.

KabaFusion has years of experience providing home infusions and is recognized for excellence in the administration of Intravenous Immune Globulin (IVIG) nationwide.

If you would like to refer your next IVIG patient to KabaFusion, please contact us by phone or fill out our online IVIG referral form at:
