

Small Bowel Video Capsule Endoscopy: Training and Competency Assessment

Meet the Course Directors

[Dr. Stephanie L. Hansel, M.D., M.S.](#), is a Consultant in Gastroenterology and an Associate Professor of Medicine at Mayo Clinic in Rochester, MN. Since joining Mayo Clinic Rochester in 2008 after completing her Gastroenterology Fellowship at Mayo Clinic Arizona, Dr. Hansel has been instrumental in advancing Video Capsule Endoscopy (VCE) through education and research. Clinically, she has expertise in managing complex gastrointestinal disorders in the outpatient and inpatient settings.

She is a Fellow in the American Society for Gastrointestinal Endoscopy (ASGE), American Gastroenterological Association (AGA), and the American College of Gastroenterology and has served on several education committees through these societies. She actively leads and contributes to the Ask Mayo Expert Advisory Group and serves as a member on the Department of Medicine CME Council as well as in various committees in the Division of Gastroenterology. Dr. Hansel's commitment to education is exemplified through her role as a Faculty At-Large at Mayo Clinic Alix School of Medicine, a fellow of curriculum design & assessment in the Academy of Education Excellence, and her participation in the AGA Academy of Educators. Moreover, her affiliation with the Small Bowel Imaging Research Group in the Department of Radiology since 2012 underscores her dedication to advancing the understanding and application of small bowel imaging, including Video Capsule Endoscopy.

In addition to her clinical and research endeavors, Dr. Hansel has received numerous accolades, including the 2020 Provider Recognition Award, recognition as a Top 20% Teaching Faculty in Internal Medicine Residency in 2019 and Top 10% Teaching Faculty in Internal Medicine Residency in 2023. Her multifaceted role solidifies her as a distinguished figure in the dynamic landscape of gastroenterology, with a specific focus on advancing the field of Video Capsule Endoscopy.
