**Mayo School of Continuous
Professional Development**

November 26, 2024

Greetings,

On behalf of the Mayo School of Continuous Professional Development, we are pleased to announce the **Mayo Clinic Stimulation Therapies for Epilepsy 2025** course, taking place on May 7-9, 2025, at the Hilton Rochester Mayo Clinic Area in Rochester, Minnesota. The course is offered live, and we expect 50-100 attendees. This course is designed for Physicians, fellows, residents, PAs/NPs, nurses, engineers, researchers, graduate and medical students, and industry employees.

This course provides epilepsy treatment using stimulation therapies, a rapidly developing field of practice. Many established neurologists and neurosurgeons are not familiar with the latest technological and surgical advances. For example, providers may not be clear when invasive versus non-invasive therapies for epilepsy treatment are most appropriate or what options exist. Similarly, practitioners may not know how or when to apply vagus nerve stimulation (VNS) versus responsive neurostimulation (RNS) versus deep stimulation (DBS).

Exhibit Opportunities (*limit two representatives per company*)
