Welcome

Dear Exhibitors,

On behalf of the Mayo Clinic Division of General Internal Medicine, we are pleased to announce our annual Updates in Internal Medicine 2025 course which will be held October 14-18, 2025, at *Disney's Contemporary* Resort, Lake Buena Vista, FL. This course is intended for practicing general internists, family practice physicians, sub-specialists, and advanced practitioners in need of practice updates.

Updates in Internal Medicine will present updated and actionable information throughout the ever-changing discipline of internal medicine. Topics that will be covered include, cardiology, pulmonology, endocrinology, infectious disease, gastroenterology, women's health, hospital medicine, healthcare policy, and general internal medicine. Based on attendee requests, we are now including workshops devoted to point-of-care ultrasound (POCUS), musculoskeletal exam (MSK), and hospital-based management.

We have expert faculty members presenting on topics that are highly relevant to the practitioner. The topics have been carefully selected to attract a wide range of attendees from sub-specialties within internal medicine. We are anticipating an audience of approximately 150 in-person attendees. To view the entire program and additional information please go to ce.mayo.edu/updateIM2025

To support this exceptional course with an exhibit, please complete the [online forms](#) (select Exhibitor Tab), and pay the exhibit fee in the amount of \$2,000 (Federal ID #41-6011702). We are offering in-person exhibit space both pre-course days and the general session.

Sincerely,

Arya Mohabbat, MD
Assistant Professor of Medicine
Mayo Clinic
Course Director

Sanjeev Nanda, MD
Associate Professor of Medicine
Mayo Clinic
Course Director

Attendee List

Exhibitors will be provided an attendee list for each workshop and General Session including Name, Credentials, City, & State.

Price

\$2,000 exhibit fee includes five (5) days for the in-person booth. In-person space will be determined when payment is received.

Why Exhibit in-person?

Technical and educational exhibits provide a professional and educational environment in which the physician can receive demonstrations, view products and services and discuss the clinical uses of these products and services, including how they may improve the quality of care and the management of the medical practice. Additionally, the exhibits enhance the educational content of the meeting helping to provide quality continuing medical education.

Benefits

- Build visibility for your company in a competitive marketplace
- Interact face-to-face with influential decision makers in the field of internal medicine
- Expand your customer base and strengthen existing customer relationships
- Introduce new products and services
- Attendee list (Name, Credentials, City, & State) one week prior to the conference
- Vendor Recognition in course materials, opening/closing remarks, and break times
