Dear Exhibitor,

On behalf of the Mayo Clinic School of Continuous Professional Development and Course Directors Raymond L. Heilman, M.D., Pooja Budhiraja, M.B.B.S., and Evamaria Anvari, M.D. we hope you will consider a display opportunity at the **Mayo Clinic Nephrology, Hypertension and Kidney Transplantation Update for the Clinician 2026** that will take place **February 13-15, 2026**, at the Fairmont Scottsdale Princess, Scottsdale, Arizona. We expect around 150 nephrologists, nephrology trainees, nurse practitioners, physician assistants, internists, primary care physicians, pharmacists and other allied health professionals who participate in the care of patients with kidney disorders, and patients with a transplanted kidney or pancreas.

The Mayo Clinic Nephrology, Hypertension and Kidney Transplantation Update for the Clinician 2026 is a three-day symposium designed to update participants on a range of nephrology topics relevant to current medical practice. Through a combination of lectures, literature review, and case-based presentations, this symposium delivers up-to-date and cutting-edge information that can be directly integrated into clinical practice. For attendees unable to join us in Scottsdale at the live, in-person course, this conference will provide digital livestream format, with the opportunity to virtually engage with experts.

To maintain a clear separation of promotion from education, all exhibits will be held in a different room/location than where the general sessions are held. Exhibits are open from registration until the conclusion of the final lecture on the last day. Display space is limited, and table assignments will be made on a first come, first served basis.

To sign up as an exhibitor or sponsor at this activity please visit the **Nephrology, Hypertension and Kidney Transplantation Update for the Clinician 2026 - Exhibit Agreement Form** at: <https://ce.mayo.edu/content/nephrology-hypertension-and-kidney-transplantation-update-clinician-2026-exhibit-agreement>.
