Dear Potential Exhibitor,

On behalf of Mayo Clinic, Mayo School of Continuous Professional Development, and course directors, Gregory Schears, M.D., Pramod Guru, M.B.B.S., Troy Seelhammer, M.D. and Sanjay Chaudary, M.B.B.S., M.D., we hope you will consider a display opportunity at our **Current Concepts in Extracorporeal Life Support: Medical Management and High-Fidelity Cannulation Simulations held December 1-4, 2026** at Mayo Clinic Kinne Auditorium and Simulation Center in Jacksonville, FL. We expect around 75 medical providers. There will be limited traditional didactic presentations and a greater emphasis on interactive learning in small groups using accelerated scenarios around specific topics. Hands-on simulations will be used to expose the learner to a range of typical management issues and ECLS emergencies.

Display Fees are as follows: \$2,500 – Wednesday-Friday
Exhibits are optional for the pre-course workshop on Tuesday

To maintain a clear separation of promotion from education, all exhibits will be held in a different room/ location than where the general sessions are held. Exhibits are open from registration until the conclusion of the final lecture on the last day. Mayo Clinic, an integrated, not-for-profit group practice, is committed to meeting its responsibility as a national medical education resource and is accredited by the Accreditation Council for Continuing Medical Education.

Exhibit Benefits:

- Promotion at the four-day course
- Exhibitors are provided with the same meals and beverages provided to registered attendees
- Attendees are encouraged daily by the course moderator to visit and connect with the exhibitors
- Includes a 6ft table with two chairs (you will provide the table linen)
- An attendee list including: registered attendee's name, degree, city and state distributed prior to the start of the course.
- Vendor recognition in online course syllabus
- Acknowledgement on rolling announcements during the course

	2 Business name/disregarded entity name, if different from above.

A disregarded entity should instead check the appropriate box for the tax classification of its owner.

	3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions <input type="checkbox"/>

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they
