

Mayo Clinic Stimulation Therapies for Epilepsy 2026

September 24-25, 2026

Mayo Clinic

Rochester, MN

WELCOME

Greetings,

On behalf of course directors and Mayo Clinic School of Continuous Professional Development, we are pleased to announce the upcoming **Mayo Clinic Stimulation Therapies for Epilepsy 2026** course. This course is being held at Mayo Clinic in Rochester, Minnesota on September 24-25, 2026.

Course Overview

Epilepsy treatment using stimulation therapies is a rapidly developing field of practice. Many established neurologists and neurosurgeons are not familiar with the latest technological and surgical advances. For example, providers may not be clear when invasive versus noninvasive therapies for epilepsy treatment are most appropriate or what options exist. Similarly, practitioners may not know how.
