Welcome

Dear Exhibitors,

On behalf of the Mayo Clinic Division of General Internal Medicine, we are delighted to invite you to exhibit at Updates in Internal Medicine 2026, a premier educational conference taking place October 15–17, 2026, (pre-course workshop 10/14/26) at JW Marriott Orlando Bonnet Creek Resort & Spa in Orlando, Florida.

This highly regarded course attracts practicing general internists, family medicine physicians, subspecialists, and advanced practice providers who are actively seeking practical, evidence-based updates they can immediately apply to patient care. As an exhibitor, you will have the opportunity to engage directly with a focused, motivated audience of decision-makers and influencers within internal medicine.

The program delivers timely, actionable content across the full scope of internal medicine, including, pulmonology, endocrinology, infectious disease, gastroenterology, women’s health, hospital medicine, diabetes, rheumatology, and general internal medicine. In direct response to learner feedback, we have expanded our offerings to include popular hands-on workshops in musculoskeletal (MSK) examination, and hospital-based management—further enhancing attendee engagement and time spent onsite.

Our expert faculty and carefully curated topics are designed to appeal across internal medicine subspecialties. We anticipate over 150 in-person attendees, providing exhibitors with meaningful access and high-quality interactions throughout the meeting.

We invite you to support this exceptional educational experience while increasing your organization’s visibility by securing exhibit space. In-person exhibit opportunities are available during pre-course day and general sessions. To participate, please complete the online exhibitor forms (select the Exhibitor tab) and submit the \$2,000 exhibit fee (Federal ID #41-6011702). Full program details are available at ce.mayo.edu/updateIM2026.

We look forward to welcoming you as a valued exhibitor and partner in Updates in Internal Medicine 2026.

Sincerely,

Sanjeev Nanda, MD
Associate Professor of Medicine
Course director

Rayya Saadiq, DO
Assistant Professor of Medicine
