Dear Exhibitor,

On behalf of course directors; Dave Freeman, M.D., Kevin M. Barrett, M.D., Zafer Keser, M.D., Cumara O'Carroll, M.D., M.P.H., Rabih G. Tawk, M.D., Carlee Oakley, M.D. and course co-directors; Lesia Mooney, APRN, ACNS- BC, SCRN, Suzanne Brown, RN, SCRN, and Amanda Tomlinson, APRN, D.N.P., Marcus Goodfellow, APRN, C.N.P., D.N.P., Katy Ann Lomeli, MSN, RN, SCRN and Jessica Scott, RT, we hope you will consider a display opportunity at our **18th Annual Stroke and Cerebrovascular Disease Review 2026** course held **October 14-17, 2026**, at **The Ritz-Carlton Amelia Island, Amelia Island, Florida**. We expect around 200 neurologists, neurosurgeons, interventional neuroradiologists, primary care physicians, emergency department physicians and allied health staff participating in vascular neurology, nationally and internationally. This course will provide attendees with an update on all major areas of clinical interest in vascular neurology.

Display Fees for this 4-day course are as follows:

\$3,000 –Exhibit

Space is limited and table assignments will be made on a first come, first served basis. We are offering additional advertising/sponsorship opportunities to expand reach and further socialize with attendees.

Live Exhibit Benefits:

- Promotion available at the live 4-day course from registration until the conclusion of the final lecture on the last day
- Exhibitors are provided with the same meals and beverages provided to the registered attendees.
- Attendees are encouraged daily by the course moderator to visit and connect with the exhibitors.
- Includes a 6-foot table and two chairs.
- To maintain a clear separation of promotion from education, all exhibits will be held in a different room/location than where the general sessions are held.

Mayo Clinic, an integrated, not-for-profit group practice, is committed to meeting its responsibility as a national medical education resource and is accredited by the Accreditation Council for Continuing Medical Education to provide 31.50 *AMA PRA Category 1 Credit(s)*<sup>™</sup> for this course.

Our programs provide valuable information on unmet needs to the medical community. We sincerely appreciate your consideration and hope you will take the opportunity to join us for a truly unique educational program.

Sincerely,

*Denise L. Klarich*

## **Additional Advertisement Opportunities**

### **Reception - (Exclusive-Included with Platinum Sponsorship Level)**

This reception features cocktails and hors d'oeuvres. The Sponsor will receive signage and recognition at the event along with cocktail napkins with your company's logo.

### **Non-CME Promotional Symposia- \$30,000**

These non-accredited programs, independently developed and directly sponsored by industry, are presented in an educational format that will provide insight into new or controversial developments. Promotional symposia may not conflict with 18th Annual Stroke and Cerebrovascular Disease Review 2026 programming. There are multiple dates and times available. (Includes food, beverage, and audio/visual equipment - No CME credit.)

### **Conference Bags - \$5,000 – (Exclusive)**

Display your company logo for all attendees to see and announce their presence at the conference. Your company will provide a high-resolution logo to be printed on conference bags ordered by the managing committee. All bags will contain flyers and advertisements from other participants. (Artwork to be provided by sponsoring company and is subject to MCSCPD approval)

### **Lanyards - \$3,000 (Exclusive)**

All attendee badges will be distributed with a lanyard to display the badge throughout the conference. The lanyard will prominently display your company name and logo or the World Congress design, whichever you choose. (Artwork to be provided by sponsoring company and is subject to MCSCPD approval)

### **Internet- \$3,000 (Exclusive)**

Help attendees stay connected with their office and home while away at the 18th Annual Stroke and Cerebrovascular Disease Review 2026 conference. Sponsor the wireless internet access in the meeting space. The supporter will be recognized throughout the meeting in signage and electronic communications.

### **Hotel Key Card- \$3,000 (Exclusive)**

Personalize hotel guest room keys with your company's logo or product promotion for immediate exposure to attendees. Use this as a great way to introduce yourselves to our attendees upon checking into the hotel. (Artwork to be provided by sponsoring company and is subject to MCSCPD approval)

### **Conference Bag Inserts- \$2,000**

Conference bag inserts are a great opportunity to invite attendees to your booth, announce your booth participation or conference-related event. Your company will provide 200 copies of a flyer or booklet advertisement (no larger than 8 ½ x 11) and MCSCPD will stuff them into the official conference bags. Multiple Opportunities Available

## COURSE HIGHLIGHTS

- This course provides attendees with an update on all major areas of clinical interest in vascular neurology
- Lectures cover management of acute ischemic stroke, brain hemorrhage, and symptomatic and asymptomatic vascular lesions, including arteriovenous malformations, cavernous malformations, cerebral aneurysms, and carotid stenosis
- The course covers the latest diagnostic and therapeutic approaches to stroke
- Lectures are supplemented with highlights of images in clinical vascular neurology and group discussions of clinical vignettes

## TARGET AUDIENCE

This course is designed for neurologists, neurosurgeons, interventional neuroradiologists, primary care physicians, emergency department physicians, residents, vascular neurology fellows, and stroke center team members, including nurse practitioners, nurses, physician assistants, physical and occupational therapists and speech therapists.

## LEARNING OBJECTIVES

Upon conclusion of this program, participants should be able to:

- Recognize the eligibility criteria for intravenous thrombolysis (tPA/tenecteplase) in acute ischemic stroke and identify endovascular therapy candidates with large vessel occlusion (LVO).
- Compare standard and emerging treatment options for cerebrovascular diseases.
- Evaluate recent clinical trial data and their impact on treatment options for stroke patients.

- Describe recent developments in stroke prevention strategies.
- Identify modifiable stroke risk factors and evidence-based interventions (e.g., blood pressure control, anticoagulation for atrial fibrillation).
- Recognize the signs and symptoms of stroke that prompt emergency evaluation and earlier evidence-based treatment.
