

Jason Larsen, MBA

Executive Director, St. Clare Health Mission

jasonlarsen@stclarehealthmission.org

Jason Larsen is the Executive Director of St. Clare Health Mission (SCHM), a free clinic and pharmacy serving uninsured and underinsured patients across La Crosse, Trempealeau, and Monroe counties in Wisconsin. Rooted in the Franciscan Sisters of Perpetual Adoration tradition since its founding in 1993, SCHM delivers fully bilingual (English/Spanish) care through both a fixed clinic and the Rotary Mobile Clinic, reaching rural and systemically disadvantaged populations primarily including immigrants and people experiencing homelessness.

Under Jason's leadership, SCHM has developed and scaled award-winning program innovations at the intersection of clinical care and social drivers of health, including the Rotary Mobile Clinic and Community Health Worker partnerships embedded directly in hospitals, schools, and community settings. This work has earned SCHM regional, state, and national recognition.
