

Sinem Toraman Turk, PhD, is an Associate Research Scientist at the Yale Global Health Leadership Initiative in the Department of Health Policy and Management at the Yale School of Public Health. Dr. Toraman Turk is a research methodologist specializing in qualitative and mixed methods research. She is the director of an NIH R01 funded effort, Champions Advancing Racial Equity in Sepsis (CARES) that aims to develop and evaluate a coalition-based leadership intervention to equip health systems and their surrounding communities to mitigate structural racism and drive measurable reductions in inequities in sepsis outcomes. Dr. Toraman Turk's research focuses on addressing health disparities in different contexts and advancing qualitative and mixed methods research methodologies.
